Established in Ahmedabad – the industrial city of Gujarat, in the year 2013, we Hallmark Metal Industries, are a well known name in manufacturing and exporting of commercial refrigeration parts. Started as a manufacturers of spring hinges to cater the requirements of local clients, now we have make a place for ourselves in the global arena. Now we are able undertake manufacturing of any spare parts in M.S./S.S. and plastic materials as per customers' requirements.

We are fully equipped with state-of-the-art technologies and have a thorough understanding of the latest trends and we represents a unique combination of experience blended with talent, catering to the specific requirements of each products manufactured. Our reliable and high quality products have set a benchmark in the national and international market. We are continuously serving our clients with our high quality products.

The company has grown from a small industry operation into a Hallmark Metal Industries by providing customers with uncompromising service coupled with the most diverse chest freezer spring hinges in India. Currently owned and operated by "Mr. Chirag Doshi". While adhering to the same customer- oriented principles established by the founder, has brought the company into the modern era of commercial refrigeration by building modern parts, adding new techniques, hiring technical professionals, and using innovations to sell, process, and market its products.

About Us!
